Dear Mr. Vodofsky:

File No: 91-NWK-33

A review of the labeling for the product "SOLAR TAN" tablets distributed by Vita Life Sports Products reveals serious violations of the Federal Food, Drug, and Cosmetic Act (the Act) as follows:

SECTION	BRIEF DESCRIPTION
402(a)(2)(C)	Marketed as a dietary supplement the article is adulterated within the meaning of the Act since it contains l-tyrosine, a food additive which is unsafe within the meaning of Section 409 of the Act, since its use and intended use is not in conformity with the regulation in effect pursuant to Section 409 which prescribes the safe conditions of use.
601(e)	Marketed as a cosmetic for tanning the skin, the article is adulterated since it contains l-tyrosine which is an unsafe color additive within the meaning of Section 706(a) of the Act.
403(a)(1)	The article is misbranded within the meaning of the Act and regulation 21 CFR 101.9(i)(5) in that its labeling is false and misleading since it lists PABA (para amino benzoic acid) 100 mg, a substance which has no known nutritional value, in a manner which falsely implies that it has nutritional value.

We request that you reply within fifteen (15) days of your receipt of this letter stating the action you will take to correct the violations cited. If prompt corrective action is not taken, the Food and Drug Administration is prepared to invoke regulatory sanctions provided under law. The Federal Food, Drug and Cosmetic Act provides for seizure of illegal products and/or injunction against the manufacturer or distributor of illegal products (21 U.S.C. 332 and 334).
